INTERNATIONAL DEPARTMENT

Colégio Pentágono counts with the expertise of its International Department, which is responsible for the creation and implementation of the exclusive English language programmes, **learn&play** and **Bridges**, both designed to improve the students' performance in the language. The International Department promotes, every year, an internal contest, Pentágono English Olympics, in which students are challenged to deliver presentations according to rigid criteria and are evaluated by an appraisal board. Students who are applying to international universities have the support of counselors and also a college preparatory module as part of Bridges program.
